Treadling As Bronson

As Bronson / OVERSHOT DEPARTURES

Brief treadling instructions

Pick one tabby treadle to be your "first tabby". The other tabby treadle is your "other tabby". It doesn't matter which you pick, but make the choice and stick to it throughout.

1. First tabby
2. Pattern
3. First tabby again
4. Same pattern
5. First tabby AGAIN
6. Other tabby
- Etc.

Treadling and liftplan diagrams

For looms with tie-ups, use [Tie-Up #1](#).

Block order = ABCD

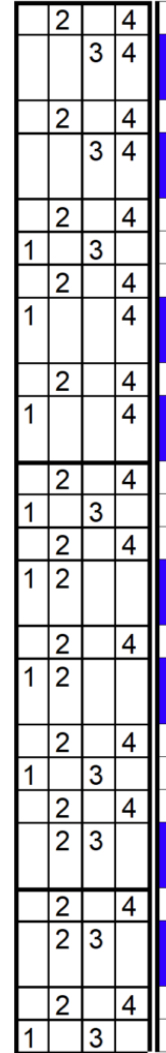

Bronson treadling
w/ odd "first" tabby

Blue = pattern
White = tabby

Bronson liftplan
w/ odd "first tabby"

Blue = pattern
White = tabby

NOTE: This diagram has the odd tabby (odd shafts down) as the "first tabby" and the even tabby as the "other tabby." **You can also weave it the other way around.**
