Double Tabby 2: Two Pattern Picks

Double Tabby / OVERSHOT DEPARTURES

Treadling system, brief instructions:

1. Pattern (heavy, twill shed **TWICE**)
 2. Tabby (fine, plain weave shed)
 3. Tabby (fine, other plain weave shed)
- Etc.

Treadling/lift plan instructions for each block:

For looms with tie-ups, [use Tie-Up #1](#).

It doesn't matter which tabby shed you start with as long as they alternate throughout.

To treadle Block A:

1. Throw the pattern shuttle (heavy weft) through the Block A twill shed (Shafts 1&2 down, Shafts 3&4 up = twill treadle #1) and beat it into place, then throw it back through the same shed and beat again.
2. Throw the tabby shuttle (fine weft) through one plain weave shed and then through the other plain weave shed.

To treadle Block B:

1. Throw the pattern shuttle (heavy weft) through the Block B twill shed (Shafts 2&3 down, Shafts 1&4 up = twill treadle #2) and beat it into place, then throw it back through the same shed and beat again.
2. Throw the tabby shuttle (fine weft) through one plain weave shed and then through the other plain weave shed.

To treadle Block C:

1. Throw the pattern shuttle (heavy weft) through the Block C twill shed (Shafts 3&4 down, Shafts 1&2 up = twill treadle #3) and beat it into place, then throw it back through the same shed and beat again.
2. Throw the tabby shuttle (fine weft) through one plain weave shed and then through the other plain weave shed.

To treadle Block D:

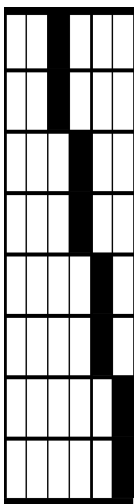

1. Throw the pattern shuttle (heavy weft) through the Block D twill shed (Shafts 1&4 down, Shafts 2&3 up = twill treadle #4) and beat it into place, then throw it back through the same shed and beat again.
2. Throw the tabby shuttle (fine weft) through one plain weave shed and then through the other plain weave shed.

Treadling and lift plan diagrams

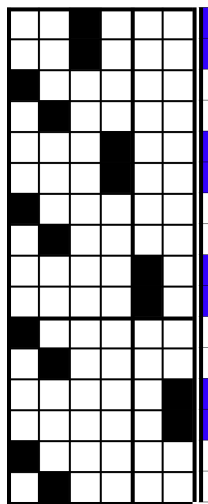

Each pair of rows of the treadling block order represents four picks: two thick pattern and two tabby.

For looms with tie-ups, [use Tie-Up #1](#).

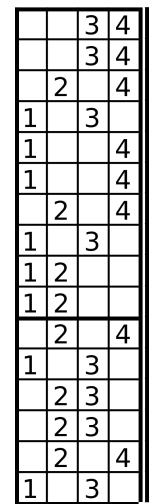

Block order =
A x2, B x2, C x2, D x2
